During last year a sum of Rs 6,150 has been paid towards the entire cost for taking up urgent water supply improvements works at Kolar but no grant was given to the Kolar Town mcpl. out of the T. D. grant for 45-46

32) The offrs of the D & Kolar dist was called for as to whether the execution of the II stage drainage work may not be postponed till the work of the I stage which is now under execution is finished. The D & recommend that this work may also be taken up simultaneously in the interest of the health of the public at the place

An estimate for Rs 2,205/- has been
prepared for the IInd stage of the
drainage work and it has been
forwarded by the chief Supr for sanction
for Rs 21,450/-

37 In their previous resolution, the Board
had agreed to pay half
the above amount i.e about Rs 11000/-
towards this work, the balance Rs 14450/-
being given by the Municipality.

38 As has been done in the case
of the first stage, half the estimated
cost is Rs 10,745/- maybe

SECT LAW DEPT. JULY 1944 GOVT OF MYSORE

Subject:- Re Grant for Kolar Drainage Works

Sir,

In forwarding herewith a copy of the resolution of the Town Municipal Council, Kolar passed in their meeting on 26-6-44 in the matter of earmarking Rs 11,000/- for the drainage scheme to be worked during 44-45, I have the honour to state as follows -

GEN & REV SECRETARIAT 12 JULY 1944 L S G BRANCH

2. Owing to slender resources of the Municipal Finance the Kolar Municipal Council, was not able to take up a comprehensive drainage scheme for the Town, for sometime past and as the new extensions grew, the necessity to improve the drainage system was ~~made~~ more keenly felt. A Major portion of the additional population of the Kolar aerodrome is also living within the town with the result that the scheme could not be postponed any longer in the interest of the general health of the Town The Council having considered the question, during the last year made provision for Rs 5000/- to take up the drainage work and on the recommendation of my predecessor and the Director of Public Health in Mysore, Government were pleased to sanction for the year 43-44 a grant of Rs 5000/- from the Town Improvement grant, as per G O.No.L. 7352-5-M1 63-43-17 dated 24-1-44 The President of the Municipal Council has reported that the Sanitary Engineer, having prepared an estimate for Rs 11,370/- for the Ist stage of the drainage scheme, the estimate was returned countersigned to the Sanitary Engineering department on 1-6-44 and that the Government grant along with the Municipal quota of Rs 5000/- amounting to Rs 10,000/- was placed at the disposal of the Sanitary Engineer on 25-4-44 For the second stage it is ascertained that an estimate for Rs 22,000/- has been prepared by the Assistant Sanitary Engineer and is under the consideration of the Sanitary Engineer

The Town Municipal Council having considered the question of continuing the works during the current year, have resolved on 26-6-44 that a sum of Rs 11,000/- may be met from the Municipality for the 2nd stage

P T.O.

A copy of the letter of the Municipal President, explaining how the Municipality proposes to meet their quota from the budget for 44-45 is also enclosed

The general condition of the drainage system requires the improvements now sought to be made and the Sanitary Engineering department, have taken up the estimates for work during this year. I may also add that the question of improvement of drainage scheme came up for discussion before the Dewan when he visited Kolar on 27-5-44 and he was pleased to observe that the Municipal Council should take interest and provide for the usual quota to work out the drainage scheme only In these circumstances I request you to kindly place the question before Government for their kind consideration and sanction of Rs 11,000/- from the Town Improvement grant for the current year for completing the urgent works in some blocks of the town as already proposed by the Municipal President and inspected by the Assistant Sanitary Engineer, Bethamangala

I have also addressed the Director of Public Health in Mysore, to kindly expedite the sanction of the estimates and the taking up of the work early

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Kolar District.

Copy of the letter No 536/43-44 dated 26-6-44 from the President, Town Municipal Council, Kolar to the Deputy Commissioner, Kolar Dist.

" Kolar Drainage Scheme- Second Stage at a cost of Rs 22,000/-

---

" I have the honour to state that the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore had sent up an estimate in respect of drainage scheme for Kolar Town for Rs.11,370/- for the First stage with his letter No 342/20-42-43 dated 13-5-44 for countersignature and return The same was returned duly countersigned with this office letter No 517 of 43-44 dated 1-6-44 and a sum of Rs 10,000/- was also placed at his disposal on 25-4-44(Government grant of Rs 5000/- sanctioned in Govt. Order No L 7352-5/M1 63-43-17 dated 24-1-44 with Municipal Quota of Rs. 5000) The question of the second stage of the Kolar Drainage scheme was also discussed before the Dewan Sahib when he visited Kolar last month and he was pleased to instruct that the question of the Drainage scheme for Kolar Town may be considered by the Municipal Council and the concerned Departments Accordingly, the Assistant Engineer, Bethamangala Water works was requested on 25-6-44 to have the estimates prepared and he informed that an stimate for Rs 22000/- was got prepared and sent to Sanitary Engineer, Bangalore.

The subject regarding the working of the second stage came up for discussion by the Council, at their meeting held on 26-6-44 and they resolved that the Deputy Commissioner may be requested to recommend for the sanction of a Government grant of Rs 11000/- from the Town Improvement grant for 44-45 as the council is agreeable to meet its quota namely Rs. 11000/- for the 2 nd stage The Municipal Quota will be met out of the provision of Rs 5000/- in their Budge Estimates for 44-45 and Rs 6000/- by reappropriation as the work is an important one which cannot be neglected or postponed in the interest and welfare of the public of the town

The Sanitary Engineer, Bureau of Sanitary Engineering Bangalore has been requested to send the estimates and plans in this behalf as per list already sent to him by the Municipality On their receipt, they will be submitted to you for recommendation to the Director of Public Health and the Government

I therefore request you to kindly recommend to Government as a special case to sanction a government grant of Rs 11000/- for 44-45 an equal sum being met by the Municipality as explained above A copy of the resolution of the Municipal Council is herein enclosed.

SIR, Kolar Drainage Scheme - 2nd Stage- Estimate for Rs 22,050/-

Adverting to Letter No.A5 C.21/44-45 dated 7th July 1944 of the Deputy Commissioner, Kolar District, addressed to Government on the above subject, and copy sent to this office for information, I have the honour to state that the estimate for the first stage for Rs 11,370/- duly countersigned by the President, Kolar Town Municipal Council is this day sent to Government for sanction with this office No.C 2-3/D/44-45

An estimate for Rs 22,050/- for the second stage has been sent to the president, Kolar Town Municipal Council in Sanitary Engineer's No 170 dated 5th August 1944 for countersignature and return.

As regards the financial implications pertaining to the two stages, the cost is to be met equally by the local body and Government. Out of a sum of Rs 5,685 due by Government towards the first stage, Rs 5,000/- has already been sanctioned in Government Order No. I 7352-5/Ml. 63-43-17 dated 24th January 1944 leaving a sum of Rs 685/- due by Government towards the first stage. For the 2nd stage Government share of contribution will be Rs 11,025/- Government may therefore be pleased to sanction a total grant of Rs 11,710/- (Rs 685/- for the first stage and Rs 11,025/- for the second stage) towards the 1st and 2nd stage out of the Town Improvement Grants during the current year

I have the honour to be,

Kolar Drainage Scheme - Second stage

Sir,

With reference to your letter No L 3528 dated 19th October 1944 on the above subject, I have the honour to inform that the tender for the first stage was accepted in December 1944 and the Sanitary Engineer reports that the Assistant Engineer has been instructed to push through the work and secure progress

As regards the question of postponing the second stage until the completion of the first stage, I may state that the second stage can be taken up simultaneously with the first stage The Kolar Municipal Council have so far earmarked a sum of Rs 10,000/- for the second stage this year, and the Deputy Commissioner in his letter of 12th January 1945 intimates that the completion of the 2nd stage this year is very necessary A copy of his letter is enclosed for information of Government

Under the circumstances, I request you to be so good as to obtain and conveyvery early sanction to the estimate of Rs 22,050/- for the second stage already sent with this office No C 342-45 dated 13th September 1944

I write to invite your kind reference to G O No 3795-8/M1 75-44-4 dated 24th October 1944 sanctioning the estimate for Rs 11,400/- for the first stage of the drainage scheme of Kolar Town taken up during the last year and to state that the full amount was placed by the Municipality at the disposal of the Sanitary Engineer long ago The work is now under progress and the Municipal Council through have provided Rs 10,000/- for the second stage of the scheme, in the current year's budget This provision has been approved of by Government while sanctioning the budget estimates of the Municipality for the current year This is a Headquarter Municipality and owing to the increased congestion due to the location of the Kolar Aerodrome in the vicinity, the completion of at least the 2nd stage of the drainage scheme within this year is very necessary in the interests of the Public Health of the town As the normal expenditure of the Municipality ordinarily balances the receipts, it is difficult to provide for such schemes By pooling all the resources, the Municipal Council were able to earmark Rs 10,000/- this year for the second stage

As detailed in my previous correspondence the working of both the 1st and 2nd stages of the scheme during this year alone was contemplated, as per instructions of the Dewan during his visit to Kolar in May 1944 The estimate for the Second Stage for Rs 22,050/- was ready in August 1944 and was recommended by you for sanction of Government (please vide your office No C &-& dated 28 8 1944) The Chief Engineer for Roads and Buildings has also opined in his letter No 5805-4 dated 30th December 1944 th tthe second stage may be taken up during this year alone In view of the urgency of this necessary improvement in the town, I request you to kindly recommend to Government for the sanction of the estimate for the second stage also and arrange for the works being taken on hand very early

Dated Kolar, the 26-1-1945.

Dear Sir,

I write to invite your kind reference to No C 342-73 dated 25th January 1945 addressed to you by the Director of Public Health in the matter of sanctioning early, the estimate for Rs 22050/- for the second stage of the drainage scheme of Kolar Town The need for the completion of the second stage of drainage scheme in this year is very great, particularly due to increased congestion in the town by the location of Aerodrome in the vicinity and in the interest of general health of the increasing population of this District Headquarter Town The Municipality have provided for their quota of cost in their Budget Estimates for this year in spite of their weak financial position with a view to have the second stage of drainage completed within this year

2 Representations were made on this subject to the Dewan during his recent visit to Kolar and he was pleased to state if Government should be approached for the Government grant of Rs 20,000/- towards this scheme instead of half the quota of cost, the request would be considered favourably I shall therefore be grateful if you will kindly move Government in this behalf as this would enable the Municipality to discharge the loan due and push through the other obligatory Town Improvement works

3 I request you therefore to please obtain early and convey sanction of Government for the additional grant and return the estimates duly sanctioned to enable the work being taken up and completed this year

Re - II Stage of Kolar Drainage scheme

Sir,

With reference to your letter No L 3541 dated 7th November 1945 on the above subject, I have the honour to state that the sanctioned estimate amount for the I stage drainage work to Kolar Town is Rs 11,400/- The Sanitary Engineer reports that work to the extent of Rs 8,200/- has been completed and further work is held up for want of cement.

The Sanitary Engineer further reports that the Town Municipal Council, Kolar, is very anxious to take up the II stage work during the current year alone and that it is ready to deposit the amount required therefor I, therefore, request you kindly to obtain and communicate sanction of Government to take up the 2nd stage work this year alone, as desired by the Municipal Council, Kolar

Subject: Kolar-Drainage Scheme 2nd Stage

Sir,

With reference to your D O letter No.I 1271/R dated 27th July 1946 stating that the estimates for the work in question will be sanctioned if the local Municipal Council is agreeable to meet half the cost, I have the honour to state that the Council considered the subject at their meeting held on 4/9/46 The Council have resolved that Government may be requested to reconsider the case and grant a sum of Rs 20,000/- as already requested or as an alternative, to sanction a loan to the Municipality to cover up its quota of half the cost which may be made, repayable in easy instalments It is reported by the President that the 1st stage of the Drainage Scheme has been completely worked out and that most of the area of the town where drains are badly damaged and require to be set right have been included in the programme for the second stage and therefore the work cannot be deferred now

WD 0565—[illegible]—22 500—8 11 38

The urgent necessity for completion of the second stage of the drainage scheme has been brought to the notice of Government in this Office D.O. dated 26/1/45, copy enclosed for kind reference. I request that Government may be kindly moved to reconsider the case once again and to sanction a grant of Rs.20,000/- in view of the slender resources of the Municipality. If this proposal is not feasible, I request you to kindly obtain sanction of Government to sanction a loan to the extent of half the cost of the estimated cost, repayable in easy instalments, so that the work may be carried out in the interests of the Sanitation of the town. The estimate and other records accompany.
